## CLASSROOM LEARNING

Participate in daily sessions from Pelada FA's Classroom Learning curriculum. Topics include the principles of attack and defense, possession styles, transition defending and attacking, and tactical systems of play.

## PLAYER ENRICHMENT EXPERIENCES

Engage in fun, soccer specific, creative activities that offer new perspectives on the game and help players take ownership of their experience on the field. Check out this [Make Your Own Ball Day](#) video for an example!

## ALL DAY ACTIVITIES

For parents working 9-5, this is a great environment for your kids to play, learn, and have fun all day long!

## CONTRIBUTE TO THE PELADA MISSION
